**YOUR PARTNERS IN
CASH HANDLING
INNOVATION**

**EFFICIENTLY SORT
MIXED BUNDLES IN
MINUTES?**

**WITH AN MIB5
YOU CAN!**

The MIB-5 is a compact, light-weight high-speed two pocket note sorter, capable of handling the new generation bank notes and TITO tickets with ease. Engineered for accuracy and reliability, the MIB-5 uses quality componentry and a superior note feed to eliminate jam errors. Designed for busy environments that need to process Cash or Tito tickets quickly, the MIB-5 has built a reputation as the premier 2-pocket note counter in Australia. The MIB-5 will count and sort mixed denominations while simultaneously scanning for counterfeit notes. An easy-to-use interface makes the MIB-5 the go to unit note-sorter for the Banking and Gaming sectors. Whether you are filling ATM's or counting customer deposits, the MIB-5 is guaranteed to increase count efficiency, saving you time.
