

# SMART CLEAR

## DESKTOP NOTE CLEARANCE SYSTEM

MINIMISE INEFFICIENCY • MAXIMISE PROFITABILITY

- Easy data export and import via USB
- Easy to use touch screen console
- Clear up to 1000 EGM's
- Effortless reconciliation and discrepancy resolution

YOUR PARTNERS IN  
CASH HANDLING  
INNOVATION

## ACCURATE, EFFICIENT & HASSLE FREE CLEARANCES

The SmartClear Note Clearance System is a competitively priced, highly functional EGM clearance system which seamlessly integrates into your floor management or back office system for easy capture of expected totals, allowing for effortless reconciliation and discrepancy resolution.

The unit will efficiently value count notes while simultaneously off-sorting TITO tickets, simplifying the clearance process and creating a full audit trail ensuring compliance.

Clearance data is easily exported via USB back into the floor management system, including Max Gaming, Wildcate and Odyssey, eliminating data entry and key errors while increasing efficiency. Form 40 compliant in QLD.

Accommodates zone/banks ease during clearance.

## FEATURES

- SB-5 Note Value Counter
- Multi-denominations & TITO off-sorting
- Barcode scanner
- Barcode and report printers
- Front USB port for easy data transfer
